OXO Pop Pantry Storers

The OXO Good Grips POP Containers are airtight, stackable and space-efficient, making it easy to keep your dry foods fresh and your kitchen organised. They have a unique push-button mechanism that creates an airtight seal with just one touch and the button also serves as a handle to lift off the lid. The Containers are designed for modular stacking so that you can efficiently organise your countertop and pantry, while their corners allow for easy pouring. The lid comes apart for thorough cleaning.

OXO Greensaver Produce Keeper

Did you know that 25% of the produce we purchase ends up in the bin? Let's break the cycle with the OXO Greensaver Produce Keeper. The innovative design of the Greensaver Produce Keeper container uses non-toxic, activated carbon filters which efficiently absorb ethylene gas, which is what spoils your produce. A special sliding date indicator, allows you to keep on top of changing the filter when needed. As well as the carbon filter, the elevated inner basket allows for proper air flow which stops moisture build up and the sliding vent opening in the lid can be adjusted depending on what humidity the produce requires. To use, simply place your produce in the inner basket. Place the inner basket in the container. Place the lid on with the coconut husk carbon filter. Snap on the slide on vent lid and place in the fridge. The inner basket also doubles up as a colander. Simply remove the basket from the container and wash your fruit or veg.

Adjustable Vent

The adjustable vent on top of each Produce Keeper slides open and closed to maintain optimum humidity levels for different types of produce, keeping them crisp and fresh.

Activated Carbon Filters

Activated carbon filters trap and absorb ethylene gas, slowing down the aging process and keeping produce fresh longer. The filters are made from coconut husks, making them safe, all-natural and non-toxic.

Elevated Basket

The elevated basket lifts produce up and away from the container walls to promote airflow and help prevent rotting. It can also be removed and used as a colander.

Decor Match-ups

space
saver

Find the right lid every time with Decor Match-ups® with realseal™. The ultimate container not only has a lid colour match system to assist you in finding the right lid every time, it also features a realseal™ lid which has a soft silicone seal that makes the storers airtight and leakproof. The lid also has an air release vent, which allows the storers to be used in the microwave for reheating. All the storers are clearly marked with coloured graduated measurements. They nest inside each other to save space and are modular by colour.

Cleaning

Kitchen Eco Cloth 621WMC
\$10.95
Brilliant at cleaning all surfaces in your kitchen that are used for food preparation and consumption. Made with Coconut Charcoal fibres that inhibit the growth of bacteria so avoiding odour. Great for wiping down bench tops and kitchen tables.

Oven & Cooktop Eco Cloth 622WMC
\$10.95
The most aggressive eco cloth for scrubbing ovens and cooktops. The aggressive side is made from polyester film which will scrub but will not scratch delicate surfaces. The flat side is for finishing the job by picking up loosen grime and polishing.

Dust & Polish Eco Cloth 623WMC
\$10.95
Specially designed to both attract dust like a magnet and polish surfaces. Great for water sensitive surfaces such as antiques, books and statues.

Glass & Window Eco Cloth 624WMC
\$10.95
Bestselling cloth that leaves a streak free finish on any shiny surface. From mirrors to the shower screen to the stainless steel fittings. Lint and scratch free finish on any shiny surface.

Bathroom Eco Cloth 625WMC
\$11.95
Designed to do a weekly clean on surfaces in the bathroom. A scrubbing side helps to break up soap scum while the flat side is great for wiping down vanities. The clip tag allows easy storage anywhere in the bathroom.

General Purpose Eco Cloth 626WMC
\$10.95
Designed with dual cleaning surfaces for scrubbing and wiping. The cloth can tackle any cleaning task. Awarded by Choice Australia as the Best General Purpose Microfibre Cloth in Australia in 2010 and Finalist in Women's Weekly Cleaning Product of the Year in the 2012.

Cleaning

Window Blade \$49.95

50x29cm 677WMC
The Original water capturing squeegee. NO MESS, NO STREAKS, NO DRIPS! Captures the water before it runs down the window, leaving them dry and streak free. Invented and Patented in Germany. 3 piece set includes washing blade, window blade and window detergent.

Window Blade Handle \$19.95

48cm to 101cm 678WMC
Allows cleaning of high windows and is lightweight and telescopic for easy storage.

White Magic Eraser \$6.95

631WMC
The original and best eraser sponge for removing stubborn marks from any smooth non-porous surfaces. It works like an eraser to remove marks off walls, soap scum off shower screens and tea stains from cups.

Exit Soap \$3.95

630WMC
Made from a mix of eucalyptus and citrus oil, Exit Soap has been manufactured for nearly 100 years in Australia for getting stains out of textiles. Stains such as pen, biro, blood, red wine, grease and lipstick can be dissolved by Exit Soap.

Caddy \$16.95

45.1x33.7x22.5cm 671SCC
This large caddy has four divided compartments with high side walls to keep cleaning supplies from tipping over. Small compartments are ideal for sponges and brushes while the large compartment is perfect for standard size spray bottles and paper towels.

Shower Eraser \$11.95

679WMC
The micro abrasive fibres can lift stubborn soap residue and hard water marks with only water. The tiny fibres can get down into the tiny pits of the surface to dislodge the grime off all hard surfaces such as glass, ceramic, stainless steel, and melamine. The patented suction hook holds firmly and is not affected by water or heat. This allows easy storage in and around the shower to allow cleaning at any time.

Grout Brush \$25.95

24cm 681WMC
A dual sided brush that allows cleaning of both thick and thin grout lines. The super sturdy handle allows pressure to be applied to scrub the most heavily soiled grout lines.

Cleaning

Effortlessly spin your mop dry - The patented spinning mechanism expels water at 2600 revolutions per minute to effortlessly dry the mop with a few presses of your foot. The spinning device works like a vacuum cleaner to remove the dirt and water from the mop so there is no need to get your hands dirty or physically exert yourself with bending, pulling or wringing.

Chemical free cleaning -

The Spin Mop Microfibre Mop Head is made with 8000 strands of polyester microfibers that act like little shovels to pick up dust from the floor with only water. The polyester microfiber is also 4 times more absorbent than cotton so they can absorb a big mess fast.

Clean under and around -

The mop handle allows you to clean around fixed furnishings or into any shape of corner with the 360 degree movement. Combine this with the handle pivoting at 180 degrees and you can now clean under areas as low as 6cm, such as couches, coffee tables and TV cabinets.

Machine washable mop heads - The Microfibre Mop Head is machine washable 100 times. That means with regular use they should last for at least 2 years. Simply place in a laundry bag, place in a hot water front loader washing machine with normal washing powder/liquid. You will have a brand new mop ready to clean again.
